Project Coordinator with 8 years of experience supporting projects and operations across healthcare and digital production. Experienced in managing timelines, coordinating cross-functional teams, documenting workflows, tracking KPIs, and resolving issues that affect project delivery. Skilled in JIRA, MS Project, CMS workflows, and process improvement.

CORE COMPETENCIES

Project Coordination | Workflow Optimization | Process Documentation | Stakeholder Management | KPI Reporting | Project Scheduling | Cross-Functional Collaboration | Digital Production | CMS Management

TECHNICAL SKILLS

HTML | CSS | SQL | JIRA | MS Project | SharePoint | Adobe Creative Suite | CMS | Agile

EXPERIENCE

Revenue Cycle Project Coordinator | Harlow Dental July 2024 – Present

- Reduced A/R by 15% by improving the claims workflow between billing, providers, and insurance; monitored progress through monthly aging reports.
- Manage 25+ cases weekly as one of three coordinators responsible for intake, follow-up, and resolution.
- Create standardized KPI reports for weekly leadership review, tracking credentialing and enrollment status

Digital Content Producer (Contract) | Victoria's Secret & Co. Aug 2023 – July 2024

- Managed timelines for 5+ campaigns, coordinating with marketing, creative, and technical teams to meet launch dates.
- Standardized the CMS asset workflow for multiple contributors, helping prevent publishing errors.
- Clarified project scope and requirements with stakeholders before production to avoid confusion and rework.

Digital Producer (Contract) | Belk Jun 2022 – July 2023

- Coordinated 10+ concurrent campaigns using JIRA and MS Project, managing timelines and dependencies across projects.
- Performed QA and publishing checks before each launch, identifying issues early enough to resolve them before release.
- Clarified business requirements and turned them into clear, assignable tasks so teams could move forward without delays.

Project Coordinator, Dental Operations | Charlotte Dentistry Nov 2021 – Jun 2022

- Kept projects on schedule by coordinating milestones and priorities across clinical and administrative teams.
- Documented key workflows and processes, giving new hires a clear reference instead of relying on weeks of shadowing.
- Coordinated communication between leadership, vendors, and internal teams, resolving issues and keeping projects moving.

Operations Coordinator | IllustraDENT Feb 2020 – Nov 2021

- Standardized data-entry and logging processes across multiple office locations, improving consistency in how information was recorded.

- Compiled and reported KPI results to leadership on a regular basis to support operational decisions.
- Coordinated scheduling and logistics across multiple locations, keeping teams aligned on priorities and day-to-day operations.

Dental Office Coordinator | Park Avenue Smiles Feb 2018 – Mar 2020

- Reduced claim rejection rates by 25% by creating a standardized claims process and retraining staff on updated compliance requirements.
- Oversaw daily front-office operations, including scheduling, billing, and insurance, while serving as the primary point of contact for patients, providers, and payers.
